✉ niraikumarank@gmail.com

ABOUT ME

I am a passionate and detail-oriented MERN stack developer with experience in building responsive, user-friendly web applications. I have worked on projects like an Amazon clone using MERN and a Netflix clone for the frontend, showcasing my ability to design and implement full-stack solutions. I enjoy solving complex problems, optimizing performance, and creating seamless user experiences. Eager to learn and grow, I'm looking forward to contributing my skills and creativity to real-world projects in a professional environment.

EDUCATION

2024 - 2028

Vellore Institute of
technology University

Btech Computer Science and Engineering(with AI and Robotics)

Pursuing a B.Tech in CSE with specialization in AI & Robotics, focusing on advanced computing, intelligent systems, and innovative technology development

2024-2028

Indian institute of
technology, Madras

BS Data Science and Applications

Pursuing BS in Data Science and Applications, building strong foundations in programming, data analytics, and modern computational techniques.

SKILLS

- HTML5
- React.js
- Node.js
- Python
- C
- JavaScript
- Bootstrap CSS
- MongoDB
- Express.js
- Java
- C++
- Figma

PROJECTS

Amazon Clone – MERN Stack

Developed a full-stack e-commerce web application using MongoDB, Express.js, React.js, and Node.js.

Implemented features such as product listing, user authentication, and cart management.

Focused on responsive UI design and seamless navigation for enhanced user experience.

Netflix Frontend Clone

Built a responsive Netflix-style user interface using React.js and CSS.

Integrated movie data from a public API for dynamic content display.

Designed an engaging, mobile-friendly layout for accessibility across devices.
